Currently, there will be room for only twelve teams and priority will be given to those programs who register first. *CIF allows for teams to play in a maximum of 150 minutes on non-school day, therefore allowing our "championship-style" tournament format (2204.3 Exception).*

Tournament Rules and Information

All CIF rules will apply with the following exceptions. Each game will consist of two 20 minute halves with a five minute halftime. All halves will be running clock with overtime only being played during the championship round. The stop clock format will exist for the championship final only, which consists of two 15 minutes halves. If heavy rain occurs, two games per school will be scheduled on the turf field only and no additional refunds will be given.
